## CATTLE CONTENTION

### PREMIUM

"Discover the very latest new JOURDAIN products! Presented during the "Sommet de l'élevage 2024", there is strong interest in PREMIUM contention, opening the way to promising new projects."

always  
INNOVATING

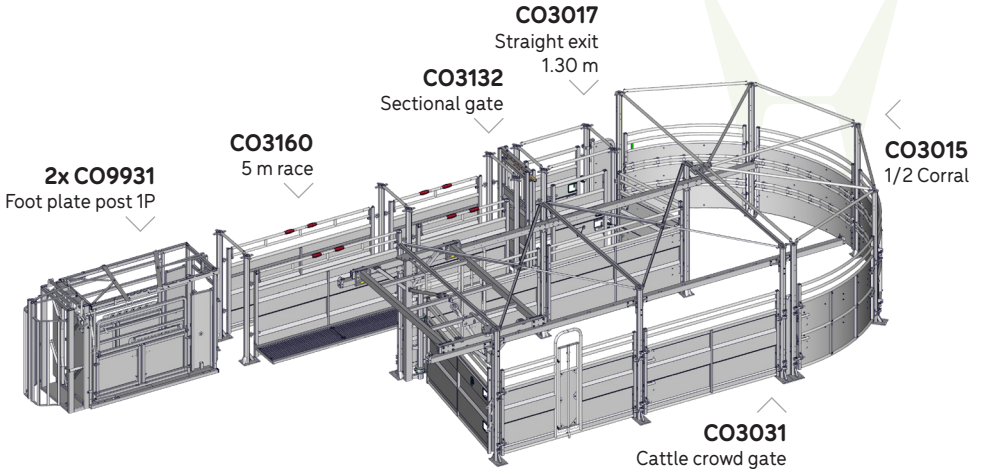

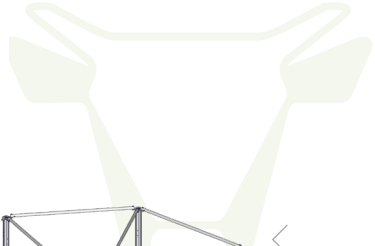

The PREMIUM contention range is designed to efficiently equip pens, races and corral handlings. It ensures safe and smooth handling of animals and makes access to working areas easy with man passages.

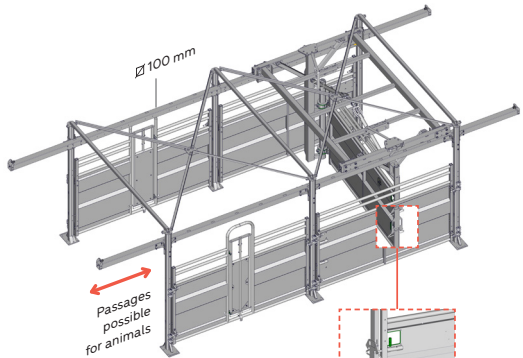

THIS RANGE HAS BEEN DEVISED TO MEET FARMERS' NEEDS AS CLOSELY AS POSSIBLE.

See the video

The cattle arrive from a cattle crowd gate or directly from a 1/2 Corral pen and are pushed towards a chicane followed by the restraint handling race, generally with a cattle crush at the end.

**CATTLE CROWD GATE INSTALLED IN FRONT OF THE 1/2 CORRAL:**

- Support cart with push barrier on rolling path
- Lateral and linear guiding of cart by 8 rollers
- Automatic safety lock
- Secured double operating direction (animal entry or exit)

∧  
**1/2 CORRAL HANDLING ON PLATFORM  
 FOR ANIMALS TO MOVE FORWARD:**

- Sheeted contention barrier with clockwise or anticlockwise rotation
- Latch lock
- Double AUTOLOCK lever on a portion of the 1/2 Corral

<  
**THE STRAIGHT EXIT IS INSTALLED  
 AFTER THE 1/2 CORRAL:**

- Fixed metal gate
- Sectional gate giving the farmer rapid access to the restraint handling race

<  
**RESTRAINT HANDLING RACE TO  
 GUIDE ANIMALS IN COMPLETE SAFETY:**

- Available in fixed or adjustable width versions (46 to 80 cm)
- One side equipped with walkway
- Folding rail (2 handles), Clear access above the animals

## IT IS EASIER FOR THE FARMER TO MOVE AROUND

with metal man passage gates for crossing the restraint handling race (cattle crowd gate or fixed race at the exit of the 1/2 Corral).

JOURDAIN'S  
COMMITMENT

The "Made in France" logo is a label that manufacturers or distributors may attach to their products under certain conditions in order to attest to their French origin. For JOURDAIN, this definition of "Made in France" is not enough, which is why we have created our own logo. The French manufacture of our products guarantees total control of design, manufacture, quality control and logistics in house, on our Esrennes site (in the central French department of Loiret).

### Read our GCUs!

The General Conditions of Use (GCU) are essential to understanding our products. They describe the assembly and use instructions.
